Regarding the Mount Valley fire, pumping the water seems to work, the fire seems to be contained. Fire does not contain any hazardous chemicals at this point. The dikes on DD 5 are working and there is some water contained. Dairyland Power had to reroute their power. The Peat-X should be here today. The Forest City Fire Department are doing a test batch of the Peat-X on a hot spot.

The following Manure Management plans were received by the County Auditor: Newton 28 #71371, and Abel's Financial Finisher 2 #64418, Winnebago County, Iowa.

The session was adjourned until 9:00 A.M. November 5, 2024.
