Kris Oswald, Drainage Clerk discussed Drainage matters.

DD 92 was reclassified in 2019 and preliminary maps from 1920 were used. The district was not created until 1940's so the only schedules created were the Main Ditch, Main Tile, Lat 1, Lat 2 Ditch, Lat 3 Ditch, and later Sub 1. The Board acting as Trustees will inactivate the additional schedules not created at next week's board meeting.

DD 65 is a district with only a Main Ditch schedule. There were other laterals created with no schedule. As there is a repair on the Main Tile the Board acting as Trustees decided to reclassify this district. On a motion by Smith and seconded by Durby the Supervisors moved to appoint Jacobson-Westergard as the Engineer. All voted aye. Motion carried.

Scott Meinders, Engineer discussed Secondary Road matters including a surveyor who has been hired for Norman. Micro surfacing will begin on A38 from the TIF funds. Nelson/Andersland project is done except for seeding. Moving blacktops will begin soon.
